

## Testimonials

### **Tom B – C# Developer**

I was very impressed with my experience with Strata Consulting and particularly with Paul Byrne. He informed right from the start that the AXA recruitment process is quite lengthy and thorough and kept me informed throughout as to how my application was proceeding. Having someone deal with the company directly on your behalf definitely made the job hunting process a lot easier and more enjoyable and I have recommended Strata Consulting to my colleagues that are in the process of looking for a new job.

### **Gary P – Developer**

I found Strata Consulting to have a great understanding of my requirements and they delivered a 1<sup>st</sup> class service. I would certainly use them again.

### **Sue B – Project Co-ordinator**

Having dealt with many agencies over my years of contracting, I was really impressed with Strata Consulting. They understood what my requirements were as a contractor and they always made sure that I was kept up to date with the process of my application all the way through to my start date.

### **Business Systems Manager - International Software House**

I found Strata Consulting to have a great understanding of my requirements and they delivered a great service.
